Information about Collateralisation

This product (hereinafter «COSI Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments» («Framework Agreement»).

The Issuer and EFG Financial Products AG («Collateral Provider») have concluded the Framework Agreement on September 15, 2009 and the Collateral Provider undertakes to secure the current value of the COSI Product in favour of SIX Swiss Exchange.

The legal position of the Investors in relation to the collateralization of the COSI Product is determined by the provisions of the Framework Agreement. The core elements of the collateralization are summarized in a SIX Swiss Exchange information sheet, which is available at (www.six-swiss-exchange.com). The Issuer shall, upon request, provide the Framework Agreement to the Investors free of charge in the German version or in an English translation. A copy of the Framework Agreement may be obtained from the Lead Manager at Brandschenkestrasse 90, P.O. Box 1686, CH-8027 Zurich (Switzerland), or via telefon (+41-(0)58-800 1000), fax (+41-(0)58-8001010) or email (termsheet@efgfp.com).

The costs for the service provided by SIX Swiss Exchange with respect to the collateralization of COSI Products of currently up to 15 Basis Points (0.15%) of the total value of the collateral as well as the borrowing costs of the collateral may be taken into account for the pricing of a COSI Product and may therefore be borne by the Investors, as the case may be.

The payment to the Investors may be delayed for factual or legal reasons.

To the extent the calculation of the current value of a COSI Product proves to be incorrect, the collateralization of the COSI Product may be insufficient.

Apart from the primary listing of the COSI Product on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Product shall be disregarded under the Framework Agreement. In particular, events which are related to a secondary listing of the COSI Product, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Product from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Product pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

The current value of this COSI Product is determined by method «A (Fair Value)». More detailed information about the calculation method is available at (www.six-swiss-exchange.com).

Information regarding COSI Products

COSI Products are collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». EFG Financial Products AG («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of security. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Product. A change of Collateral Provider shall be notified in accordance with the provisions of this listing prospectus.

Documentation

The collateralization in favour of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, the issuer and the Collateral Provider dated 15 September 2009 («Framework Agreement»). The investor is not party to the Framework Agreement. The Framework Agreement constitutes an integral part of this listing prospectus. In the event of any contradiction between the provisions of this listing prospectus and the Framework Agreement, the Framework Agreement takes precedence. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained

from EFG Financial Products AG, Brandschenkestrasse 90, P.O. Box 1686, CH-8027 Zurich (Switzerland), via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or via e-mail (termsheet@efgfp.com). The core elements of collateralization of the COSI Product are summarised in a SIX Swiss Exchange information sheet, which is available at «www.six-swiss-exchange.com».

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI Product at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on Scoach Switzerland is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of the COSI Product shall be determined according to either Method A: Fair Value Method or Method B: Bond Floor Method of these Special Conditions of SIX Swiss Exchange, as defined in the Final Term sheet, which forms part of this listing prospectus.

Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Products in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Products.

Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign

court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Products to trading lapses or is cancelled and the issuer fails to satisfy investors' claims within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Products are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors whether an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products issued by the issuer may be suspended, and the COSI Products of the issuer may be delisted.

Maturity of the COSI Product as well as investor claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website. **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically at the time the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 para. 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency. These values shall be binding on the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent of the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the due redemption of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of

the pro-rata share of net liquidation proceeds to those investors who hold their COSI Products via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Product in a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Product to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

Liability

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties.
